

# Certificate of Achievement

Helios Energy · 2026-09

## Performance Analysis

Cost pressure and regional competition remain the principal risks to monitor. Cross-team efficiency rose and delivery lead times shortened versus last quarter. Revenue concentration in the main product line increased and retention improved.

| Item           | Revenue (k) | YoY   |
|----------------|-------------|-------|
| People Ops     | 843         | 0.048 |
| Nimbus Storage | 680         | 0.255 |
| Operations     | 314         | 0.298 |
| Engineering    | 672         | 0.014 |

## Next-Step Plan

Cost pressure and regional competition remain the principal risks to monitor.. We recommend expanding channel investment and rebalancing resourcing to sustain growth.. Revenue concentration in the main product line increased and retention improved.

We recommend expanding channel investment and rebalancing resourcing to sustain growth.. Revenue concentration in the main product line increased and retention improved.. Cost pressure and regional competition remain the principal risks to monitor.

## Key Project Updates

The business delivered steady growth this quarter, with core KPIs on target.. Cost pressure and regional competition remain the principal risks to monitor.. Revenue concentration in the main product line increased and retention improved.

Cost pressure and regional competition remain the principal risks to monitor.. Revenue concentration in the main product line increased and retention improved.. The business delivered steady growth this quarter, with core KPIs on target.

## Summary and Recommendations

The business delivered steady growth this quarter, with core KPIs on target.. Revenue concentration in the main product line increased and retention improved.. Cost pressure and regional competition remain the principal risks to monitor.
