Risks and Challenges

Cross-team efficiency rose and delivery lead times shortened versus last quarter. Revenue concentration in the main product line increased and retention improved. We recommend expanding channel investment and rebalancing resourcing to sustain growth.

Item	Revenue (k)	YoY
Engineering	353	0.019
Nimbus Storage	527	0.244
Operations	511	0.301
Finance	226	0.228
